

# **Pequannock, Lincoln Park, and Fairfield Sewerage Authority (Two Bridges Sewerage Authority)**

## **Authority Engineer**

The Two Bridges Sewerage Authority (TBSA) is seeking a qualified individual to serve as the Authority Engineer. TBSA staff, ranging from an operator-in-training to the Executive Director, are all goal-oriented professionals that take pride in their work. TBSA's culture is one of collaboration, ownership, and accountability. We are looking for a candidate who will thrive in this environment and become an integral part of our team.

The Authority Engineer is responsible for overseeing and/or assisting with all aspects of a regional public wastewater treatment and conveyance system. Specific responsibilities include:

- Daily coordination with TBSA staff on current, planned, and potential projects.
- Liaison with Township and Authority Participants.
- All facets of Procurement, including scoping, writing RFPs/RFQs, evaluations, and awards.
- Contract management for all construction, engineering, and service contracts.
- Facility maintenance and safety.
- Maintaining a culture of collaboration with a clear focus on the TBSA mission statement.

### **Qualifications/Requirements**

- A Bachelor's degree in engineering, Master's degree is a plus.
- A minimum of 5 years' experience (10 years is preferred) in wastewater systems engineering and planning.
- PE license or the ability to attain a license within 1-year from the date of hire.
- Knowledge of New Jersey rules and regulations as they apply to wastewater facilities.
- Experience with working for an Environmental Authority, either as an employee or a consultant.
- Excellent organizational and computer skills
- Exceptional verbal and written communication skills

Since the previous Authority Engineer has been promoted to the Executive Director position, an opportunity exists for mentoring a motivated candidate with less than 10 years of experience. All candidates must be willing to continue their education and betterment through established organizations. The following courses, certifications, and events will be strongly encouraged;

- Project Management Professional Certification
- Environmental Professional Development Academy training
- Attendance and active participation at conferences and groups sponsored by State and National Wastewater affiliated organizations

TBSA offers competitive salary and benefits package. Interested and qualified applicants are encouraged to visit our website for a detailed job description at [www.tbsa.net](http://www.tbsa.net), and may forward their resume and cover letter to [knapolitano@tbsa.net](mailto:knapolitano@tbsa.net).
